Hints for Washing Dishes.

One of the most wearisome domestic tasks which fall to the house-wife doing her own work is the "never-ending, still-beginning" washing of dishes. It is often a real pleasure to prepare a dainty, palatable meal; a well-carned satisfaction in viewing the work of one's hands in the light, sweet loaves of white or brown bread, the roast of flesh or fowl, done to a turn, the perfect cake, quivering custards, etc. But not one of these toothsome viands can be brought to pass we hout the aid of various pots, spoons, cups, etc., all to be cleaned for perhaps immediate use ers near the stove, to save your handsnot-black and grease. By taking some
